Description

Planning

An imaginative scheme prepared by the planning and development team at David Hill LLP proposing the conversion of the school hall to form a separate dwelling with private parking has been approved by North Yorkshire Council – Application No: ZA23/25543/FUL Date of Issue: 3rd July 2023.

Electronic copies of the approved plans and associated documents are available from the selling agents and can be emailed on request. Alternatively planning documents can be viewed via the local authority planning portal.

Description

The School Hall currently comprises a main hall with kitchen, general storage room and cloakrooms off. There is a narrow, covered yard to the rear with a further outside w.c. and stone steps leading down to a small cellar.

The approved scheme is for the conversion of the existing building to form a separate single dwelling with a section of the building that currently forms the existing kitchen to be removed to create a courtyard seating area. Private parking will be within the area to the front directly off the High Street.

The layout of accommodation as approved will extend over the ground floor and comprises an entrance hall with utility room off, a double bedroom and separate bathroom. The impressive open plan living space includes a dining area, breakfast kitchen area and living area. Full height patio doors will open into the new courtyard from the kitchen providing plenty of natural light, with the existing cellar (4.00m x 3.25m) retained to provide useful storage.

The approximate total gross internal floor area provided by the approved scheme is 90 m² (969 ft²) excluding cellar.
